Name: Greg Wood
Street: 2601 North 11th Street,
City, State, Zip: Arlington, VA 22201
Phone Number:
Email: greghirthwood@earthlink.net
Utility Type: all
Company Name: Dominion Power, Comcast Cable, Verizon
Comments: I encourage the group to pursue every possible avenue to make undergrounding utility lines a priority and a reality. Not only do underground utility lines make a significant positive visual impact, they are less inclined to damage from high-wind and other weather related issues thus reducing risks associated with downed utility lines and poles.
